PORT ARTHUR TAKEN

RUMORED IN TOKIO THAT THE
RUSSIAN STRONGHOLD HAS
BEEN CAPTURED.

ATTACKED BY LAND AND SEA

JAPANESE ARMY AND NAVY RE-
DUCED FORTRESS BY CON-
CERTED ACTION.

RUSSIANS SUFFER BIG LOSS

SIX HUNDRED MEN KILLED OR
WOUNDED IN A BATTLE ON
THE YALU RIVER.

London, March 22.—The Daily Tele-
graph's Tokio correspondent cables a
newspaper report of the Japanese oc-
cupation of Port Arthur after a com-
bined land and sea attack Saturday
and Sunday. It is asserted that a di-
vision of Japanese landed on the Lia-
tung peninsula Saturday and engaged
the Russians near Port Arthur, while
the fleet bombarded from Saturday
evening until Sunday morning.

The same correspondent reports a
sharp encounter at Chongyong on
the Yalu river, about thirty miles
northeast of Wiju, in which the Rus-
sians lost 600 in killed or wounded.

CROSS THE TATUNG PASS.

Japanese Then Clash With a Force of
Russians.

London, March 22.—The Daily
Chronicle's Shanghai correspondent
hears from Newchwang that the Japane-
se crossed Tatung pass, forty miles
from Haicheng, and that collisions oc-
curred with the Russians.

Reports from Seoul and Tokio are to
the effect that Marquis Ito has ar-
ranged to lend 5,000,000 yen (\$250,000)
to Korea on easy terms.

According to the Standard's Tientsin
correspondent, China is appealing to
the powers for an extension of a
year in the period for the payment of
the indemnity growing out of the
Boxer troubles.

The correspondent at Tientsin of the
Daily Mail reports that Kataoka,
a Japanese merchant and Russian spy,
has been assassinated by being buried
alive, but that the Japanese authori-
ties disavow any knowledge of the as-
sassin.

The Morning Post's Hamburg cor-
respondent says that Russia has pur-
chased the Hamburg steamer Hafis,
which is now at Vladivostok, for \$250,000,
and that the vessel's name has been
changed to Alexitrapani.

KOREA NOT A BELLIGERENT.

But Warring Natives Will Be Treated
as Enemies of Russia.

St. Petersburg, March 22.—The for-
eign office gives an absolute denial to
the statement telegraphed from here
that Korea is regarded as belligerent.
Russia, as previously explained, holds
all the acts of Korea since the decla-
ration of her neutrality as being under
Japanese duress and unless the Ko-
rean government formally notifies the
powers that she has joined with Japan
and takes up arms, Russia will con-
sider her neutral. But any Korean
troops which actually impede Russian
movements or join the enemy will be
considered individual belligerents,
without reference to their nationality.

The statement that the Russian min-
ister at Peking has demanded the
withdrawal of all Chinese troops north
of the great wall is also incorrect. As
cabled, Russia has made representa-
tions about the number of Chinese
troops in the neutral zone west of the
Liao river, not desiring a force there
which would constitute a threat, and
it is understood that China has given
measurably satisfactory assurances on
the subject.

AT ANJU AND PINGYANG.

Japanese Occupy Korean Towns in
Force.

St. Petersburg, March 22.—The fol-
lowing official dispatch, dated Mukden,
March 20, was received Monday, giv-
ing General Zablinski's report as fol-
lows:

"The troops are in good spirits and
there is no sickness.

"According to reports received from
the frontier guards on the Eastern
Chinese railway, everything is in or-
der there. At Udyini station, Captain
Uksemoff with military cavalrymen
has driven off a band of 100 Chunchuse
(Chinese bandits).

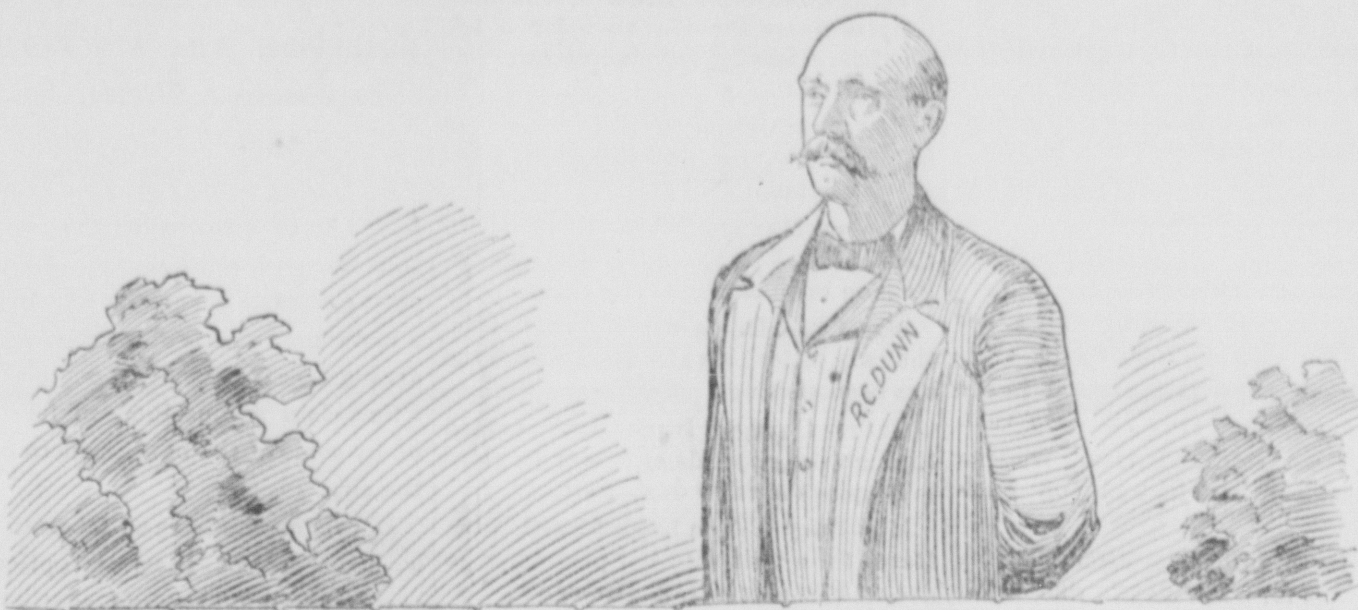

"The occupation of the towns of
Anju and Pingyang by the enemy's in-
fantry and artillery is confirmed. An
increased movement of troops and
transportation on the road between Pin-
gyang and Anju is noticeable.

"Thirteen of the enemy's transports
recently unloaded at Chinnampo.

"According to reports there have
been no preparations for landing on
the coast of Caoliao or opposite Kin-
chow.

"All reports appearing in foreign
newspapers of the landing of Japanese
troops at different points on the coast
are inventions."

CLEAN RECORD

BOMBARDMENT OF PORT ARTHUR.

Wounded Russian Gives a Vivid Ac-
count of Jap Attack.

St. Petersburg, March 22.—A Rus-
sian officer commanding a battery on
Electric Hill during a bombardment
of Port Arthur has written the follow-
ing vivid account:

"It was a clear sunlit day and there
was a gentle swell on the water. A
little spot appeared through the haze
on the far horizon and then another
and another until these spots were in-
creased to fifteen. Nearer and nearer
they came and larger and larger they
appeared until, when six miles off,
there was a tiny puff of smoke and all
in the battery wondered where the
projectile was going to fall.

"Forty fathoms below the cliff
where we were, lay the battleship
Pereviat. Bang! A shell burst un-
der her bows, splashing the decks with
spray. There was another puff, and
a projectile whistled overhead, crash-
ing on the rock behind us. Then came
a third. It was a moment of
terrible suspense. There was a terrible
explosion overhead. They had got
our range exactly.

"It was the signal for us to open
fire, and ten shore batteries and
two warships joined in the reply.

"What followed is almost indescrib-
able. The sea underneath where we
stood fairly boiled with the swish and
plunge of projectiles and words of
command were inaudible to the gun-
ners. I tried vainly to shout my or-
ders while 150 guns were

Belching in a Prolonged Roar,
and shells were bursting overhead
with a hellish crash.

"The smoke and dust blinded us.
I did not experience excitement
and only that my tooth began to ache
there was a strange sensation of con-
tentment amidst the scenes of death
which had no terrors after the first
shell had exploded. Suddenly a white-
faced gunner pointed to a battery of
quick-firing guns half way down the
hill which had been placed there to
prevent a Japanese landing. I ran
down and found the scene one of the
wildest. There was a battle orgy of
bursting shells and whistling frag-
ments, the smoke stench reeking the
earth.

"One shell had burst among the
gunners. A soldier was lying disem-
bowed and another had his skull
crushed. A third soldier was delir-
ious, and there were splinters in his
head. One gun had been broken like
a reed.

"It was a dreadful sight, with blood
everywhere."

In concluding the narrative the of-
ficer says: "After the battle was over
Lieutenant General Stoessel, com-
mander at Port Arthur, pinned the cross
of St. George on my breast. But what
does it matter—I am in the hospital."

AFRAID OF CHINESE

RUSSIANS FEAR THE CELESTIALS

WILL RISE IF JAPS SCORE
SUCCESS ON LAND.

St. Petersburg, March 22.—In gov-
ernment circles there exists strong be-
lief that the question as to whether
China will observe her neutrality un-
derstandings will depend largely on the
result of the first heavy land fighting.
A heavy victory by the Russian army,
it is believed, will inspire the Celestials

of the Celestial empire, but there are
grave fears as to what might happen
in the event of a signal Japanese suc-
cess in the early stages of the land
operations.

For the time being the situation ap-
pears to be satisfactory and it certainly
is much better than it was three
weeks ago. The Peking government
has reiterated its professions regard-
ing neutrality to Paul Lessar, the Rus-
sian minister, and has given him fair
assurance in answer to his representa-
tions regarding the number of Chinese
troops north of the great wall.

Natives More Friendly.

The natives manifest a friendlier
disposition than they did at the be-
ginning of the war, but the Russians
know the Oriental character as no other
Europeans do. They understand
how deep seated is the hatred for for-
eigners in China and the only prestige
of the Russians is their strong arm.

The recent naval success of the
Japanese has not greatly impressed
the Chinese, but if the Russians should
sustain a really disastrous defeat on
land the Chinese might suddenly be
aroused, whether with the connivance
or even with the consent of the Japane-
se, against Russia and perhaps
against all foreigners.

Russia's present plans are based up-
on the realization of the supreme im-
portance of the first land battle and
no fighting on a large scale will take
place, if it possibly can be avoided, un-
til the Russians feel morally certain
that they can deal the enemy a crush-
ing blow.

FIRING HEARD AT YINKOW.

Fourteen Shots to the Southward
Startle Inhabitants.

Yinkow, March 22.—Firing was
heard off the coast, apparently about
six miles to the southward, fourteen
shots having been heard between 7
and 7:30 this morning. The morning
was hazy and it was impossible to dis-
tinguish objects at sea. A credible
report has reached here that two
cruisers and five gunboats were off
Kinchow yesterday.

Japs Return Home to Fight.

Vancouver, B. C., March 22.—The
steamer Empress of Japan sailed last
night for Yokohama, having on board
twenty-four Japanese military and
naval officers returning home for the
war, including Prince Nashimoto,
cousin of the mikado, who has been
traveling incognito.

Rushing Troops Into Manchuria.

Irkutsk, Siberia, March 22.—Eight-
teen trains bearing goods of the Red
Cross society have been held up to al-
low military trains to go through. It
is estimated that 4,000 men are reach-
ing Manchuria daily.

Trolley Car Breaks Up a Parade.

Keokuk, Ia., March 22.—A trolley car
Monday ran through a minstrel pa-
rade, probably fatally injuring James
Harand, hurting five other persons
and destroying nearly all the musical
instruments and costumes of the band.
William Cahill, motorman, has been ar-
rested on a charge of assault.

Hearst's Boston Paper Issued.

Boston, March 22.—The first edition
of a daily newspaper established by
William R. Hearst appeared in this
city Monday, under the name of
Hearst's Boston American and New
York Journal. The press of the
new paper were started by Governor
Bates of Massachusetts.

ACCORDS WITH CAMPAIGN PLAN.

Abandonment of Anju by the Russian
Outposts.

St. Petersburg, March 22.—General
Zablinski's official confirmation of the
reports that the Russian outposts
abandoned Anju upon the approach of
the Japanese in force causes no sur-
prise here, as such action is in perfect
accord with the Russian plan of cam-
paign. The Russian skirmishers and
advanced posts were thrown forward
solely for the purpose of harassing
and worrying the Japanese outposts,
falling back as the main body of the
enemy moves forward until the strong
positions at the Yalu river are reached.

The fifty miles of country between
Anju and the Yalu are very difficult
for the movement of a large force.
There may be some lively skirmishing
as the Japanese advance progresses,
but the Russians are resolved to avoid
a decisive engagement until certain
of victory.

JAPANESE VESSELS DOCKED.

Further Bombardment of Fortified
Places Improbable.

Paris, March 22.—The correspond-
ent of the Figaro at Rome says that
the Japanese legation there announces
that repairs to the Japanese fleet are
actively proceeding in order that the
vessels may be ready to meet the Rus-
sian Baltic fleet. The battleships
Mikasa and Hatsusee and the armored
cruiser Iwate are in dock, as are also
several cruisers and torpedo boats. It
is intended to have the fleet in perfect
condition by the end of June, and
therefore further bombardment of for-
tified places are improbable, especial-
ly as the artillery equipment of sev-
eral of the battleships is being changed.

TO ATTACK MORORAN.

Vladivostok Squadron Bound for the
Island of Yezo.

Cronstadt, March 22.—The Vestnik,
the leading service organ here, sur-
mises that the Russian Vladivostok
squadron has gone to attack Mororan,
in Volcano bay, and Oturunal, in Ish-
irakri bay, both on the Japanese island
of Yezo, where an excellent supply of
coal from the Yezo mountains is sup-
plied to the Japanese warships.

Frenchmen May Be Drawn Home.

Montreal, Que., March 22.—French
residents of Canada who are subject to
military duty in France have received
orders to return to France at once for
garrison duty. The call has caused
great surprise and excitement among
them. It was stated that the notifica-
tion had no particular significance at
this time. Frenchmen who desire to
retain their citizenship must respond
to the call when they are drawn. No
effort will be made to force anyone
to return to France for service.

Patriotic Contributions.

Moscow, March 22.—Altogether 5,
500,000 roubles (about \$2,750,000) have
been subscribed here for patriotic pur-
poses. The British colony is sending
to the seat of war a field hospital with
fifty beds.

ATTACK SURVEYING PARTY.

Ladrones Kill One Man and Wound
Two Others.

Manila, March 22.—Ladrones at-
tacked a surveying party Sunday ten
miles north of Calam bay. A. S. Per-
kins, who was in charge of the survey-
ing party, was wounded in the battle
and one private of the constabulary
was killed and another wounded.

TO IMPEACH SWAYNE

JUDICIARY COMMITTEE OF THE
HOUSE VOTES IN FAVOR OF
SUCH A COURSE.

CHARGES AGAINST THE JUDGE

ACCUSED OF ABSENCE FROM HIS
CIRCUIT AND WITH BEING
A NONRESIDENT.

Washington, March 22.—The house
committee on judiciary Monday voted
to impeach Judge Charles W. Swayne,
federal district judge from the district
of Florida. The committee reached
this conclusion at a session lasting
from 2 to 6 o'clock. The vote and the
details of the charges which will form
the grounds of impeachment, the com-
mittee agreed to withhold until the re-
port on the case has been completed
for presentation to the house. This
report is to be drawn by Representative
Palmer of Pennsylvania, chair-
man of the sub-committee which took
the testimony in the case.

If the house votes to impeach Judge
Swayne two of its members will be ap-
pointed formally to notify the senate,
before which body, sitting in a judi-
cial capacity, the case must be tried.
Judge Swayne, after the case has
been presented to the senate, will be
given an opportunity to present his
side of the case.

It is said that the charges on which
testimony was taken include those of
being absent from his circuit, being a
non-resident of his district, imprison-
ing a lawyer in a contempt proceed-
ing, imprisoning the son of a litigant,
also for contempt of court and refus-
ing to hear a certain witness in a case
before him.

If the senate decides against Judge
Swayne, the penalty is the loss of his
judgeship.

Judge Swayne was appointed from
Delaware by President Harrison in
1890. He is a Republican.

TO CONDUCT THE CAMPAIGN.

Republicans Select Members of Con-
gressional Committee.

Washington, March 22.—Thirty-four
of the forty-eight members of the Re-
publican congressional campaign com-
mittee, which will conduct the cam-
paign for the election of Republican
members of the Fifty-ninth congress,
were chosen at a caucus of the mem-
bers of the senate and house held
Monday night in the hall of the house.
The members chosen were selected by
the state delegations in congress. The
fourteen vacancies on the committee
are from states the delegations of
which as yet have taken no action. A
resolution was passed by the caucus
empowering the next chairman of the
committee to fill the vacancies.

The members chosen last night, and
the state or territory they will repre-
sent on the committee are as follows:

Representatives Metcalf, California;
Brook, Colorado; Lilly, Connecticut;
French, Idaho; Hull, Iowa; Bower-
stock, Kansas; Hunter, Kentucky; Bur-
leigh, Maine; Mudd, Maryland; Lov-
ing, Massachusetts; Fordney, Mich-
igan; Tawney, Minnesota; Barthold,
Missouri; Dixon, Montana; McCarthy,
Nebraska; Sulloway, New Hampshire;
Loudenslager, New Jersey; Sherman,
New York; Spalding, North Dakota;
Longworth, Ohio; Senator Mitchell,
Oregon; Representatives Connell,
Pennsylvania; Capron, Rhode Island;
Burke, South Dakota; Howell, Utah;
Representative Gibson of Tennessee;
Slomp, Virginia; Humphrey, Washing-
ton; Dovenor, West Virginia; Bab-
cock, Wisconsin; Mondell, Wyoming;
Delegates Kalamannole, Hawaii; Ro-
dey, New Mexico; McGuire, Oklahoma;
Resident Commissioner Degetau,
Puerto Rico.

The states left unrepresented on the
committee are: Alabama, Arkansas,
Delaware, Florida, Illinois, Indiana,
Louisiana, Mississippi, Nevada, North
Carolina, South Carolina, Texas, Ver-
mont and Arizona.

NEW TRIAL FOR BALLIET.

Mining Scheme Promoter Given Anoth-
er Hearing.

St. Louis, March 22.—The United
States court of appeals Monday re-
versed the case of Letson Balliet
against the United States and ordered
a new trial. Balliet was sentenced
to a term of one year in the peniten-
tiary on a charge of using the mails
to defraud in connection with promot-
ing mining schemes. The cause of the
reversal was the instructions of Judge
Munger of the United States district
court of Iowa, who, the opinion stated,
"wrongfully instructed the jury." The
trial judge instructed the jury that if,
in their opinion, the defendant did not
fully explain all charges against him
in his testimony, that fact was to be
considered against him.

For Mayor of Milwaukee.

Milwaukee, March 22.—Mayor David
S. Rose was for a fourth time nomi-
nated Monday to head the city ticket
by the Democratic convention. The
platform declares for a municipal
lighting plant and denounces "graft-
ing." Guy D. Goff was named for
mayor by the Republican convention.
The platform arraigns the Democratic
city administration and declares for a
municipal lighting system.

Rushing Troops Into Manchuria.

Irkutsk, Siberia, March 22.—Eigh-
teen trains bearing goods of the Red
Cross society have been held up to al-
low military trains to go through. It
is estimated that 4,000 men are reach-
ing Manchuria daily.

Trolley Car Breaks Up a Parade.

Keokuk, Ia., March 22.—A trolley car
Monday ran through a minstrel pa-
rade, probably fatally injuring James
Barand, hurting five other persons
and destroying nearly all the musical
instruments and costumes of the band.
William Cahill, motorman, has been ar-
rested on a charge of assault.

Hearst's Boston Paper Issued.

Boston, March 22.—The first edition
of a daily newspaper established by
William R. Hearst appeared in this
city Monday, under the name of
Hearst's Boston American and New
York Journal. The presses of the
new paper were started by Governor
Bates of Massachusetts.

ACCORDS WITH CAMPAIGN PLAN.

Abandonment of Anju by the Russian
Outposts.

St. Petersburg, March 22.—General
Zablinski's official confirmation of the
reports that the Russian outposts
abandoned Anju upon the approach of
the Japanese in force causes no sur-
prise here, as such action is in perfect
accord with the Russian plan of cam-
paign. The Russian skirmishers and
advanced posts were thrown forward
solely for the purpose of harassing
and worrying the Japanese outposts,
falling back as the main body of the
enemy moves forward until the strong
positions at the Yalu river are reached.
The fifty miles of country between
Anju and the Yalu are very difficult
for the movement of a large force.
There may be some lively skirmishing
as the Japanese advance progresses,
but the Russians are resolved to avoid
a decisive engagement until certain
of victory.

JAPANESE VESSELS DOCKED.

Further Bombardment of Fortified
Places Improbable.

Paris, March 22.—The correspond-
ent of the Figaro at Rome says that
the Japanese legation there announces
that repairs to the Japanese fleet are
actively proceeding in order that the
vessels may be ready to meet the Rus-
sian Baltic fleet. The battleships
Mikasa and Hatsuse and the armored
cruiser Iwate are in dock, as are also
several cruisers and torpedo boats. It
is intended to have the fleet in perfect
condition by the end of June, and
therefore further bombardment of for-
tified places are improbable, especial-
ly as the artillery equipment of sev-
eral of the battleships is being
changed.

TO ATTACK MORORAN.

Vladivostok Squadron Bound for the
Island of Yezzo.

Cronstadt, March 22.—The Vestnik,
the leading service organ here, sur-
mises that the Russian Vladivostok
squadron has gone to attack Mororan,
in Volcano bay, and Oturunai, in Ish-
rakri bay, both on the Japanese island
of Yezzo, where an excellent supply of
coal from the Yezzo mountains is sup-
plied to the Japanese warships.

Frenchmen May Be Drawn Home.

Montreal, Que., March 22.—French
residents of Canada who are subject to
military duty in France have received
orders to return to France at once for
garrison duty. The call has caused
great surprise and excitement among
them. It was stated that the notifi-
cation had no particular significance at
this time. Frenchmen who desire to
retain their citizenship must respond
to the call when they are drawn. No
effort will be made to force anyone
to return to France for service.

Patriotic Contributions.

Moscow, March 22.—Altogether 5-
500,000 roubles (about \$2,750,000) have
been subscribed here for patriotic pur-
poses. The British colony is sending
to the seat of war a field hospital with
fifty beds.

ATTACK SURVEYING PARTY.

Ladrones Kill One Man and Wound
Two Others.

Manila, March 22.—Ladrones at-
tacked a surveying party Sunday ten
miles north of Calam bay. A. S. Per-
kins, who was in charge of the survey-
ing party, was wounded in the battle
and one private of the constabulary
was killed and another wounded.

TO IMPEACH SWAYNE

JUDICIARY COMMITTEE OF THE
HOUSE VOTES IN FAVOR OF
SUCH A COURSE.

CHARGES AGAINST THE JUDGE

ACCUSED OF ABSENCE FROM HIS
CIRCUIT AND WITH BEING
A NONRESIDENT.

Washington, March 22.—The house
committee on judiciary Monday voted
to impeach Judge Charles W. Swayne,
federal district judge from the district
of Florida. The committee reached
this conclusion at a session lasting
from 2 to 6 o'clock. The vote and the
details of the charges which will form
the grounds of impeachment, the com-
mittee agreed to withhold until the re-
port on the case has been completed
for presentation to the house. This
report is to be drawn by Representa-
tive Palmer of Pennsylvania, chair-
man of the sub-committee which took
the testimony in the case.

If the house votes to impeach Judge
Swayne two of its members will be ap-
pointed formally to notify the senate,
before which body, sitting in a judi-
cial capacity, the case must be tried.

Judge Swayne, after the case has
been presented to the senate, will be
given an opportunity to present his
side of the case.

It is said that the charges on which
testimony was taken include those of
being absent from his circuit, being a
non-resident of his district, imprison-
ing a lawyer in a contempt proceed-
ing, imprisoning the son of a litigant,
also for contempt of court and refus-
ing to hear a certain witness in a case
before him.

If the senate decides against Judge
Swayne, the penalty is the loss of his
judgeship.

Judge Swayne was appointed from
Delaware by President Harrison in
1890. He is a Republican.

TO CONDUCT THE CAMPAIGN.

Republicans Select Members of Con-
gressional Committee.

Washington, March 22.—Thirty-four
of the forty-eight members of the Re-
publican congressional campaign com-
mittee, which will conduct the cam-
paign for the election of Republican
members of the Fifty-ninth congress,
were chosen at a caucus of the mem-
bers of the senate and house held
Monday night in the hall of the house.
The members chosen were selected by
the state delegations in congress. The
fourteen vacancies on the committee
are from states the delegations of
which as yet have taken no action. A
resolution was passed by the caucus
empowering the next chairman of the
committee to fill the vacancies.

The members chosen last night, and
the state or territory they will repre-
sent on the committee are as follows:

Representatives Metcalf, California;
Brook, Colorado; Lilly, Connecticut;
French, Idaho; Hull, Iowa; Bower-
stock, Kansas; Hunter, Kentucky; Bur-
leigh, Maine; Mudd, Maryland; Lov-
ing, Massachusetts; Fordney, Michi-
gan; Tawney, Minnesota; Barthold,
Missouri; Dixon, Montana; McCarthy,
Nebraska; Sulloway, New Hampshire;
Loudenslager, New Jersey; Sherman,
New York; Spalding, North Dakota;
Longworth, Ohio; Senator Mitchell,
Oregon; Representatives Connell,
Pennsylvania; Capron, Rhode Island;
Burke, South Dakota; Howell, Utah;
Representative Gibson of Tennessee;
Slomp, Virginia; Humphrey, Washing-
ton; Dovener, West Virginia; Bab-
cock, Wisconsin; Mondell, Wyoming;
Delegates Kalamianole, Hawaii; Ro-
dey, New Mexico; McGuire, Oklaho-
ma; Resident Commissioner Degetau,
Puerto Rico.

The states left unrepresented on the
committee are: Alabama, Arkansas,
Delaware, Florida, Illinois, Indiana,
Louisiana, Mississippi, Nevada, North
Carolina, South Carolina, Texas, Ver-
mont and Arizona.

NEW TRIAL FOR BALLIET.

Mining Scheme Promoter Given Anoth-
er Hearing.

St. Louis, March 22.—The United
States court of appeals Monday re-
versed the case of Letson Balliet
against the United States and ordered
a new trial. Balliet was sentenced
to a term of one year in the peniten-
tiary on a charge of using the mails
to defraud in connection with promot-
ing mining schemes. The cause of the
reversal was the instructions of Judge
Munger of the United States district
court of Iowa, who, the opinion stated,
"wrongfully instructed the jury." The
trial judge instructed the jury that if,
in their opinion, the defendant did not
fully explain all charges against him
in his testimony, that fact was to be
considered against him.

For Mayor of Milwaukee.

Milwaukee, March 22.—Mayor David
S. Rose was for a fourth time nomi-
nated Monday to head the city ticket
by the Democratic convention. The
platform declares for a municipal
lighting plant and denounces "graft-
ing." Guy D. Goff was named for
mayor by the Republican convention.
The platform arraigns the Democratic
city administration and declares for a
municipal lighting system.

Forecast—Generally fair and colder. Possibly snow tomorrow.

Temperature (Record kept by Dr. J. L. Camp from 7 a. m. yesterday morning to 7 a. m. this morning)—Maximum 29 above zero; minimum 10 above zero.

The Winona Republican and Herald has issued a 20th century edition which is certainly a credit to the publishers and the city in which it is published.

The daily edition of the Bemidji Sentinel has suspended after a career of three weeks. A town the size of Bemidji is doing first rate if it supports one daily newspaper.

The late republican convention of Cass county has developed some candidates for office. It is said that Charles Kinkile will be a candidate for sheriff against George Hardy and that J. S. Scribner will try conclusions with A. L. Cole for representative at the primaries.

"Unless something is found Mr. Dunn will be governor," appears to be the watchword of the Collins campaign, and it reminds one of the story related of the advice given to a son by his father when the lad was starting out for himself. "Get money, my son," said the father, "get it honestly if you can, but get money."

Association Being Organized to

Equip a First-Class Gymnasium in this City.

LOCATION HAS BEEN SPOKEN FOR

Gentlemen, Who are Prominent

in Business Circles, Secure

Option on Old Rink.

Yesterday when THE DISPATCH published an item regarding the movement that was on foot to provide for a first-class gymnasium nothing was known of a movement that is already on foot and arrangements have been completed for a first-class gymnasium, to be backed up by some of the best business men of the city.

Developments have so far been made with the project that an option has been secured on the old skating rink, corner of Kingwood and Sixth, and it is understood that the new organization will take possession of the building in a short time. The gentlemen who are behind the scheme do not wish their names made known at present, but as soon as a meeting is called and an organization perfected, the entire plan of the project will be made known.

It has been planned to raise about \$1000 to start the thing along and a first-class athletic hall will be the result.

Don't forget the opening of the College of Dressmaking at 2:30 Wednesday afternoon in Walker hall. Visitors welcome. 247t2

A Physician's Opinion.

Dr. R. Blackburn 4134 S. Halsted St. Chicago, writes: "I have used many different liniments for sprains and rheumatism but never found one that acted so quickly, giving such instant relief and a permanent cure. Greene's Infalible Liniment is the only liniment." For chilblains, frost bites, colds in the head and chest, muscular rheumatism, sprains, cuts, burns and bruises, it is a wonder worker. The makers, J. W. Greene & Co., Eola, Ill., guarantee satisfaction or money refunded. Who could ask more? H. P. Dunn & Co.

Hives are a terrible torment to the little folks, and to some older ones. Easily cured. Doan's Ointment never fails. Instant relief, permanent cure. At any drug store, 50 cents.

Bruns the Optician

will hereafter visit Brainerd once a month, the steady increase of his business the past year requiring more frequent visits. If you desire to have your eyes examined free, call on him at the National hotel parlors, Wednesday and Thursday, March 23 and 24. Satisfaction guaranteed.

EASY WAY TO CURE CATARRH

Breathe Hyomei and Kill all Catarrhal Germs—"Money Back if it Fails."

Say H. P. Dunn & Co.

There is no dangerous stomach drugging when using Hyomei. The healing and aromatic balsams which compose this wonderful treatment are breathed through a neat pocket inhaler that comes with every \$1 outfit.

In this way, the germ-killing and health-giving Hyomei penetrates to the most remote cells of the lungs. It searches out and kills disease germs in the air passages of the head, throat and nose, soothes and heals the irritated mucous membrane, and absolutely drives catarrh from the system.

Such remarkable results have followed the use of Hyomei by the best people in Brainerd that H. P. Dunn & Co. have the greatest confidence in its power to cure catarrh. They believe in it so thoroughly, that they will give their personal guarantee to refund the money if it does not cure, the purchaser to be the sole judge.

This is an unusual offer and the first time that any medicine or treatment for the cure of catarrh has been sold in this way. If it cures, the expense is trifling, while if it fails, the cost is absolutely nothing.

If you are fortunate enough not to be troubled with catarrh, tell your friends of H. P. Dunn & Co.'s offer and get them to take advantage of it. 10

Don't buy dress goods until you see the new line at Moberg's. 244t6

Now is the time to take a spring tonic to purify the blood, cleanse the liver and kidneys of all impurities. Hollister's Rocky Mountain Tea will do the business. 35 cents. Tea or tablets. H. P. Dunn & Co.

"I owe my whole life to Burdock Blood Bitters. Scrofulous sores covered my body. I seemed beyond cure. B. R. B. has made me a perfectly well woman." Mrs. Chas. Hutton, Berville, Mich.

New Spring Wash Goods

The pretty weaves, the delicacy of colorings, the variety of patterns which have been witnessed in the past year, would seem to show that there was little additional for the manufacturers or designers to accomplish, but the new goods as shown for the Spring and Summer of 1904, are in so many points superior to those of last year, that a mere printed description cannot adequately convey, either their beauty or their worth, it certainly is to your own interest to pay a special visit to this Great Wash Goods Department of Ours as an assortment, they stand matchless and alone, for we acknowledge no competition, every freight and express from now on bring additional consignments, so there will be something new every day, and you will take pleasure in coming, not only once, but often.

The gentlemen who are behind the scheme do not wish their names made known at present, but as soon as a meeting is called and an organization perfected, the entire plan of the project will be made known.

It has been planned to raise about \$1000 to start the thing along and a first-class athletic hall will be the result.

A Physician's Opinion.

Dr. R. Blackburn 4134 S. Halsted St. Chicago, writes: "I have used many different liniments for sprains and rheumatism but never found one that acted so quickly, giving such instant relief and a permanent cure. Greene's Infalible Liniment is the only liniment." For chilblains, frost bites, colds in the head and chest, muscular rheumatism, sprains, cuts, burns and bruises, it is a wonder worker. The makers, J. W. Greene & Co., Eola, Ill., guarantee satisfaction or money refunded. Who could ask more? H. P. Dunn & Co.

Hives are a terrible torment to the little folks, and to some older ones. Easily cured. Doan's Ointment never fails. Instant relief, permanent cure. At any drug store, 50 cents.

EASY WAY TO CURE CATARRH

Breathe Hyomei and Kill all Catarrhal Germs—"Money Back if it Fails."

Say H. P. Dunn & Co.

There is no dangerous stomach druging when using Hyomei. The healing and aromatic balsams which compose this wonderful treatment are breathed through a neat pocket inhaler that comes with every \$1 outfit.

In this way, the germ-killing and health-giving Hyomei penetrates to the most remote cells of the lungs. It searches out and kills disease germs in the air passages of the head, throat and nose, soothes and heals the irritated mucous membrane, and absolutely drives catarrh from the system.

Such remarkable results have followed the use of Hyomei by the best people in Brainerd that H. P. Dunn & Co. have the greatest confidence in its power to cure catarrh. They believe in it so thoroughly, that they will give their personal guarantee to refund the money if it does not cure, the purchaser to be the sole judge.

This is an unusual offer and the first time that any medicine or treatment for the cure of catarrh has been sold in this way. If it cures, the expense is trifling, while if it fails, the cost is absolutely nothing.

If you are fortunate enough not to be troubled with catarrh, tell your friends of H. P. Dunn & Co.'s offer and get them to take advantage of it. 10

Don't buy dress goods until you see the new line at Moberg's. 244t6

Now is the time to take a spring tonic to purify the blood, cleanse the liver and kidneys of all impurities. Hollister's Rocky Mountain Tea will do the business. 35 cents. Tea or tablets. H. P. Dunn & Co.

CITY COUNCIL POSTPONES OPENING OF BIDS FOR SEWER

Another Proposition to be Looked
Into Before the Work is
Proceeded With

GENERAL SEWER MAY BE OFF

Because There Are Some Eighteen
Inches of Sand in Sewer
Nothing is Done.

Realizing that there was a grain of truth in the old saw, "An ounce of prevention is worth a pound of cure," the city council last night placed a sudden check on the proceedings looking to the construction of a main sewer in the Second ward, which would be precedent to the laying of similar sewers in other improvement districts in the city, and just when it was thought that a decision would be taken in the inauguration of a general sewerage system that would be a great credit to the city, the whole matter was dropped with a dull, sickening thud, and it was decided by a unanimous vote to postpone the opening of the seven bids which lay on the clerk's table, until the next regular meeting.

This action followed a brief executive session and for a time those without the walls wondered what was up, but it finally leaked out that the city council is up against a rather strenuous proposition, at least the members feel that further work in the sewer line would be inadvisable in the face of an obstacle which to surmount will perhaps mean the undoing of all the work so far done on the general sewer and a re-expenditure of the amount that the general sewer has already cost the city. They have discovered that there lies on the bottom of the big general sewer some eighteen inches of sand, wherever it has been examined, and there is no telling but that before spring is on the entire sewer will be clogged.

The whys and wherefores for such a state of affairs no one is able to explain as yet and this was the reason that favorable action was not taken last night in the matter of the Second ward. It simply means that the members of the council want to know where they are at; whether they have a general sewer that will adequately meet the requirements. Naturally the seven bidders, all but two of whom were out of the city, were somewhat surprised at the action of the council and most of them asked permission to withdraw their bids. All but two or three did withdraw their bids and the matter dropped there. It is known what the figures were, but it would not be advisable in the interests of the city to publish these and they are withheld at this time.

The general sewer which cost the city something like \$12,000 was completed but a short time ago, work having been pushed on the construction throughout the winter months. As to the cause or effect of what has been found in this sewer little can be said until the matter is investigated.

The plans and specifications for the general sewer were prepared by City Engineer Woolman early last summer and it had been intended that the work would be completed before snow flew, but the vicissitudes that this project met with before and after the contract was let would almost daunt a Wellington on the field at Waterloo. It was decided to build a wooden conduit of red fir, to be laid at such a depth as would bring the top of the conduit to the surface of the ground or as near as might be to obtain the required grade. The contract was finally let to Judd Wright for something like \$12,000. Just as he was about to start in work a strong protest came from the board of health as to the sanitary questions involved. Several meetings were held to try and overcome the objections of the state board and finally it was decided to put in a septic tank, which was done.

During the progress of the construction of the sewer Contractor Judd Wright met with all kinds of trouble. There were days and days that the whole crew was stalled in quick sand down near the cemetery and they had a big task getting through this. Finally this was overcome and the work progressed.

There are those who venture the assertion that the sand in the bottom of the sewer can be accounted for, and that it came there before the sewer was completed and not after.

There are others, however, who have watched the matter very closely and they state that sand is accumulating every day.

The council will investigate carefully and it is thought that a remedy may be found, if it will do any good, before the next meeting.

The meeting last night was presided over by President Crust and the following aldermen responded to the roll call: Halladay, Gardner, Purdy, Murphy, Johnson and Robertson.

In the presence of City Clerk F. E. Low, George Nevers was elected clerk pro tem.

The committee to which had been re-

ferred the matter of donating lights for the ensuing year to the Y. M. C. A., as has been the council's custom, reported in favor of making them the same rate that the churches now have, a flat rate of 10 cents a month for each light. The committee's report was accepted and this plan was adopted.

Under the head of electric lights Alderman Halladay brought up the matter of the time of paying electric light rental. He said that it should be changed from the present date to the days between the 20th of each month and the last day and that the city clerk be instructed to be at his office each evening from 7 to 8 o'clock to give the shop men an opportunity to pay their bills. The Alderman made this a motion and it was carried unanimously.

Alderman Gardner reported that the manhole at the corner of Sixth and Front was frozen and council gave the sewer committee power to act in the matter.

A committee from the East Brainerd fire company presented a request to the council last night asking that something be done to the hose house in the Third ward. It was stated that the building was sadly in need of repair. The question was left in the hands of the aldermen of the Third to report at next meeting.

At the last meeting of the council the matter of the sidewalk tax assessed against what is known as the Paine property on Laurel street was referred to City Attorney Fleming to report last night. He stated that County Auditor Mahlum had informed him that as soon as City Clerk Low had made a correction of the assessment the amount would be placed against the property. This was for the laying of the cement sidewalk.

City Engineer Woolman stated that several loads of rock had been hauled and the outlet at the end of the big sewer had been properly fixed.

Commission houses will not have such a snap in Brainerd in the future. Last night an amendment to the ordinance regulating licenses was adopted, fixing the license for dealers in options of all kinds at \$300 a year. Mayor Halsted was present and was interested in the adoption of this amendment and was in favor of a \$500 license, but the council thought \$300 was sufficient.

At this juncture Alderman Robertson moved that the council go into executive session and it is presumed that the sewer matter was taken up and it was decided in view of the existing circumstances to postpone the opening of the bids.

The room was full of bidders, there being a large number from out the city. They were naturally interested in the outcome and when the council came out of the executive session and moved to postpone the opening of the bids, considerable disappointment was felt.

The council adjourned and most of the bidders withdrew their bids.

BERNARD M'CLARY DEAD.

Brother of Misses Nellie I. and Jennie McClary and Fred McClary of this City Dies at Butte, Mont.

Yesterday afternoon Miss Nellie I. McClary, who is bookkeeper for Con O'Brien, received word from Butte, Mont., that her brother, Bernard McClary, whose home was at Livingston, Mont., was very sick in a hospital and the hopes for his recovery were very slight. Another wire later in the evening conveyed the sad information that the young man had passed away after an operation for an abscess.

He left Brainerd many years ago and for some time has been working at Livingston for the Northern Pacific. He was the oldest of the McClary children and was very well known here. Two sisters, Miss Nellie I. and Miss Jennie McClary and two brothers, Fred A. and James McClary live in this city. Ed McClary, who is also well known in Brainerd, but who went east some time ago, is also a brother.

It has not been decided whether the remains will be brought back to Brainerd for burial or not. He is a married man. The sympathy of many friends is extended to the relatives in this city.

STOCK HAS FARED BADLY THIS WINTER

Reported It has Been One of the
Worst in Many Years on
Cattle and Sheep

HUNDREDS PERISHED NEAR HERE

According to W. B. Jones, Who
Travels Considerable Over
Crow Wing and Cass.

According to W. B. Jones, of Sylvan Lake, and he usually is nearly right on most propositions, the winter has been one of the severest on stock in the history of the northern part of the state and he stated this morning that he had known of some 200 head of cattle that had actually starved to death.

This is due to the fact that last year was a bad one for the farmers, it being so wet through the haying season that not one in ten got up enough hay to carry them through the winter. This would not have been so bad had it not been for the fact that snow fell early and covered the ground and as there has been a good depth all winter the cattle and sheep have not been able to get out and forage. This condition seems bad in view of the fact that there is always an abundance of hay in this vicinity, but it is a fact nevertheless and there are very few farmers who are able to pay from \$10 to \$14 per ton for hay to feed their cattle and consequently the stock has suffered.

Mr. Jones thinks, however, that it will teach the farmers a good lesson in the future and that they will be provided somehow.

Opening.

The College of Dressmaking and Ladies' Tailoring will open Wednesday March 23 at 2:30 p. m. in Walker hall.

The management of the college are very much pleased with the outlook for a large school, a class of twenty pupils having already been secured.

This is What May be Expected When a
Genuine Spring Thaw Spreads
Over the Land.

It is said that more snow has fallen in the vicinity of Brainerd and north than at any other point in the state this winter and now the wise ones are beginning to figure out what the harvest will be. It is thought when a genuine thaw does come that there will be a whole lot of trouble with high water. Last summer the great trouble hereabouts was with high water, but it is thought that for a time this spring there will be even more water in low places than there was at any time during the past season.

MUSIC AND DRAMA.

FLORENCE STONE.

Miss Florence Stone, the gifted emotional actress, who will appear at the Brainerd theatre, Thursday, March 24, when play-goers will witness one of the strongest dramatic productions seen here this season. This brilliant star, Miss Stone, will be seen in her own dramatization of Alexander Dumas' widely read novel, "Camille." It would be superfluous to discuss the already well known merit of this powerful play; nevertheless it has given Miss Stone a rare opportunity in this trying and difficult role of "Camille." The heroine, around whom the story revolves, she handles this difficult character with admirable tact and displays emotional powers that are astonishing in their wide range. Her portrayal of this creature of moods has put her near the top of the ladder in the theatrical firmament and drawn the attention of the attention to her. While one of the youngest stars on the American stage, Miss Stone has appeared with some of the most noted actors and her early training is manifested in her beautiful characterization of "Camille" and her forthcoming engagement in this city should create no little interest.

CITY COUNCIL POSTPONES OPENING OF BIDS FOR SEWER

Another Proposition to be Looked

GENERAL SEWER MAY BE OFF
Because There Are Some Eighteen
Inches of Sand in Sewer
Nothing is Done.

Realizing that there was a grain of truth in the old saw, "An ounce of prevention is worth a pound of cure," the city council last night placed a sudden check on the proceedings looking to the construction of a main sewer in the Second ward, which would be precedent to the laying of similar sewers in other improvement districts in the city, and just when it was thought that a decisive step would be taken in the inauguration of a general sewerage system that would be a great credit to the city, the whole matter was dropped with a dull, sickening thud, and it was decided by a unanimous vote to postpone the opening of the seven bids which lay on the clerk's table, until the next regular meeting.

He said that it should be changed from the present date to the days between the 20th of each month and the last day and that the city clerk be instructed to be at his office each evening from 7 to 8 o'clock to give the shop men an opportunity to pay their bills. The Alderman made this a motion and it was carried unanimously.

Alderman Gardner reported that the manhole at the corner of Sixth and Front was frozen and council gave the sewer committee power to act in the matter.

A committee from the East Brainerd fire company presented a request to the council last night asking that something be done to the hose house in the Third ward. It was stated that the building was sadly in need of repair. The question was left in the hands of the aldermen of the Third to report at next meeting.

Yesterday afternoon Miss Nellie I. McClary, who is bookkeeper for Con O'Brien, received word from Butte, Mont., that her brother, Bernard McClary, whose home was at Livingston, Mont., was very sick in a hospital and the hopes for his recovery were very slight. Another wire later in the evening conveyed the sad information that the young man had passed away after an operation for an abscess.

He left Brainerd many years ago and for some time has been working at Livingston for the Northern Pacific. He was the oldest of the McClary children and was very well known here. Two sisters, Miss Nellie I. and Miss Jennie McClary and two brothers, Fred A. and James McClary live in this city. Ed McClary, who is also well known in Brainerd, but who went east some time ago, is also a brother.

It has not been decided whether the remains will be brought back to Brainerd for burial or not. He is a married man. The sympathy of many friends is extended to the relatives in this city.

STOCK HAS FARED BADLY THIS WINTER

Reported It has Been One of the
Worst In Many Years on
Cattle and Sheep
HUNDREDS PERISHED NEAR HERE

According to W. B. Jones, Who
Travels Considerable Over
Crow Wing and Cass.

According to W. B. Jones, of Sylvan Lake, and he usually is nearly right on most propositions, the winter has been one of the severest on stock in the history of the northern part of the state and he stated this morning that he had known of some 200 head of cattle that had actually starved to death.

This is due to the fact that last year was a bad one for the farmers, it being so wet through the haying season that not one in ten got up enough hay to carry them through the winter. This would not have been so bad had it not been for the fact that snow fell early and covered the ground and as there has been a good depth all winter the cattle and sheep have not been able to get out and forage. This condition seems bad in view of the fact that there is always an abundance of hay in this vicinity, but it is a fact nevertheless and there are very few farmers who are able to pay from \$10 to \$14 per ton for hay to feed their cattle and consequently the stock has suffered.

Mr. Jones thinks, however, that it will teach the farmers a good lesson in the future and that they will be provided somehow.

Opening.

The College of Dressmaking and Ladies' Tailoring will open Wednesday March 23 at 2:30 p. m. in Walker hall.

The management of the college are very much pleased with the outlook for a large school, a class of twenty pupils having already been secured.

Trained lady teachers will be in attendance at all times and every pupil will be taught thoroughly the art of dressmaking and ladies' tailoring.

With a cordial invitation to all to visit the school, we remain,

Respectfully,
CLEMENS & COLLINS,
24712 Managers.

This is What May be Expected When a
Genuine Spring Thaw Spreads
Over the Land.

It is said that more snow has fallen in the vicinity of Brainerd and north than at any other point in the state this winter and now the wise ones are beginning to figure out what the harvest will be. It is thought when a genuine thaw does come that there will be a whole lot of trouble with high water. Last summer the great trouble hereabouts was with high water, but it is thought that for a time this spring there will be even more water in low places than there was at any time during the past season.

MUSIC AND DRAMA.

FLORENCE STONE.
Miss Florence Stone, the gifted emotional actress, who will appear at the Brainerd theatre, Thursday, March 24, when play-goers will witness one of the strongest dramatic productions seen here this season. This brilliant star, Miss Stone, will be seen in her own dramatization of Alexander Dumas' widely read novel, "Camille." It would be superfluous to discuss the already well known merit of this powerful play; nevertheless it has given Miss Stone a rare opportunity in this trying and difficult role of "Camille." The heroine, around whom the story revolves, she handles this difficult character with admirable tact and displays emotional powers that are astonishing in their wide range. Her portrayal of this creature of moods has put her near the top of the ladder in the theatrical firmament and drawn the attention of the attention to her. While one of the youngest stars on the American stage, Miss Stone has appeared with some of the most noted actors and her early training is manifested in her beautiful characterization of "Camille" and her forthcoming engagement in this city should create no little interest.

Little Helen Hope Henderson.

Of Mondovio, Wis., was given Greene's Cough Cure by her mother as a means of checking a case of grip and cold on the lungs. Her fever was 103 and she was completely prostrated when the remedy was first employed—in twelve hours her temperature was normal and she was sleeping quietly. In four days she was pronounced completely recovered. Greene's Cough Cure is especially prepared for children and is guaranteed to be absolutely safe and reliable. Mothers should have it ready for emergencies. Prices 25c and 50c. H. P. Dunn & Co.

NOKAY LAKE NEWS.

Miss Maud Cook is getting better every day.

G. F. Edquist is well suited with his new town office of justice.

Miss Bessie Anderson is improving a little after a few weeks illness.

Roy Norcross is putting up an addition to his house at Nokay lake.

Miss Bessie Anderson and Roy Norcross went to Brainerd last Monday.

William Ramsdell and Alf Wickham visited at Mr. Martin's Wednesday.

Jim Ambly got tired of Clearwater lake and went to Brainerd last Monday.

Mr. Roy Norcross is waiting for nice weather so that he can start his mill again.

Harry and Alf Wickham came home from the woods last Tuesday, each with a nice roll.

Louis Sherlund and Bert O'Brien, of Brainerd were out at Clearwater lake last Friday.

Yon Yonson, the Chicago cabinet maker, is very busy putting up ice at Nokay Lake.

Mr. W. H. Martin has one of his horses laid up with a bad cut in one of its hind feet.

There was a party and dance at Mr. Carr's summer home on Nokay lake Saturday night.

Most of the people of Nokay Lake would like to see the snow disappear as hay is very scarce around here.

Henry Abrahamson, of Brainerd, the plumber, is at Clearwater lake repairing a 62-foot well for Con O'Brien.

Messrs. C. Bloomquist, C. Carlson, G. Bloomstrom and Alf Carlson were in Brainerd last Monday on business.

Fred Martin was in Brainerd last Friday and had a few rounds with a friend of his. He was seen with a colored eye after the battle.

TORNADO IN MISSOURI
FIFTY BUILDINGS ARE PARTLY WRECKED BY A STORM AT HIGGINSVILLE.
SEVERAL PERSONS INJURED
TWO OTHER TOWNS IN THE PATH OF THE STORM CONSIDERABLY DAMAGED.

Higginsville, Mo., March 22.—Fifty buildings are partly wrecked, one man is mortally injured and several others hurt; the town is in darkness and the streets are strewn with debris as the result of a tornado and hail storm which struck this place at 4:45 o'clock Monday afternoon.

The hall on the streets was a foot deep within five minutes after the storm came. Dozens of trees in the town were blown down and several horses were killed on the street.

The storm came without warning. The wind and hail came first and was followed with a terrific downpour of rain. The storm came from the west. It kept within a narrow path, only about two blocks of the business portion of this place being damaged.

Two other towns in this section were in the path of this storm and are said to be considerably damaged. They are Corder and Alma, both having populations of 500 or 600. According to the meager reports several houses in both places were wrecked, but the exact extent of the damage is not known.

The grocery store of J. W. Enzly, in the business part of this place, was wrecked by the storm and John Holzen, a clerk, was mortally injured. It is estimated that 2,000 windows were broken. The most careful estimate of the financial loss is \$40,000.

NEW CHINESE TREATY.
Officials Busily Engaged in Its Preparation.
Washington, March 22.—A new treaty regulating the admission of Chinese into the United States is in preparation. The existing treaty, which was made by Secretary Gresham and Minister Wu in 1894, will expire next December by limitation. Because the administration of the Chinese exclusion act is now confined to the department of commerce and labor it has been necessary for Secretary Hay to call upon Secretary Cortelyou to assist in the formation of the new treaty. Secretary Cortelyou will deal with those sections of the treaty which practically prescribe the regulations which shall govern the admission of Chinese of the higher class and the exclusion of coolies. Secretary Hay will take care of the diplomatic sections of the treaty. While much reticence is observed at present as to the lines upon which the new convention is being formed there is reason to believe that it will be more liberal in treatment of Chinese wishing to enter the United States when they are not actually of the coolie class than the existing treaty. There also may be made provision for the entry of Chinese laborers into the Panama canal strip, though this is not certain. An attempt also has been made to avail of this opportunity to make more extensive use of Chinese labor in the Philippines.

ARCHITECT CRITICISED.
Senators Adversely Discuss Plans of White House Offices.
Washington, March 22.—Consideration in the senate Monday of the bill providing for the purchase of a site and the erection of a building for the departments of state, justice and commerce and labor, was made the occasion for adverse criticism of the architect who planned the White House offices. Messrs. Teller and Hale led the charge on the architect and Mr. Newlands defended him. During the morning hour a number of bills were passed.

Senator Frye Monday introduced the bill which Speaker Cannon introduced in the house Thursday last providing for the incorporation of the Carnegie Institution of Washington.

Senator McCumber's Turtle Mountain Indian claim bill passed the senate Monday afternoon without serious opposition. The bill was amended so as to carry an appropriation of \$1,000,000. The bill has not been considered in the house and will have hard sledding before it gets through there.

WAGE SCALE SIGNED.
Operators and Miners Conclude Contract Negotiations.
Indianapolis, March 22.—Eight coal operators and eight miners, composing the joint sub-committee of the central competitive district, Monday affixed their signatures to the articles of agreement which provide for a two years' wage contract between the industrial and capitalistic interests of the coal industry of the United States. No change was made in the compromise proposition of the operators, which was accepted by a referendum vote of the miners.

Northwesterners Named.
Washington, March 22.—Howard M. Lammers of Heron Lake, and D. L. Brown, Ferguson Falls, Minn.; H. P. Leclair, Superior; L. C. Miller, La Crosse, and M. A. Leahy, Marshfield, Wis., have been named as candidates for examination for admission to the naval academy at Annapolis.

Many Buildings Destroyed.
Faulkton, S. D., March 22.—The business section of Faulkton was destroyed by fire during the morning. The fire started at 1:30 in the National meat market. All the buildings except two on the west side of Eighth avenue, between Main and Court streets, were destroyed.

IN WESTMINSTER ABBEY.
Remains of Late Duke of Cambridge Temporarily Rest There.
London, March 22.—The body of the Duke of Cambridge was moved Monday from Gloucester House, in Park Lane, to Westminster Abbey, preparatory to the funeral services which will be held there today. The body was in a massive oak casket, on the lid of which was carved the crossed batons of a field marshal. The casket was draped with the Union Jack and was placed on a gun carriage drawn by six horses and escorted by a squadron of the royal horse guards. Thousands of persons who lined the streets from Gloucester House to the abbey stood with heads uncovered as the impressive cortege passed.

Prior to the removal of the body, a brief service was held in the state dining room at Gloucester House, which was attended by King Edward, Queen Alexandra, the Prince and Princess of Wales and other members of the royal family, as well as by the immediate relatives of the duke and the members of his household.

CONFERS WITH CREDITORS.
"Cotton King" Sully Tries to Straighten Out His Affairs.
New York, March 22.—After conferences of creditors of the assigned firm of Daniel J. Sully & Co., lasting several hours Monday afternoon and evening, it was announced at night that no definite settlement had been arrived at, but that things were in a fair way of arrangement. It was said that Mr. Sully had made a proposition to his creditors to settle, contingent upon the acceptance of which he had offered to give them their choice of assignees, but that this proposal failed of immediate approval and that another meeting would be held.

Wisconsin Lumberman Stabbed.
St. Paul, March 22.—Emil Spuge, a young German lumberman of Beaver Falls, Wis., was stabbed at the union depot last evening at about 10 o'clock and the assailant made his escape. It is thought that robbery was the motive, as Spuge had \$75 in his possession when he was taken to the city hospital. Spuge will recover.

Warehouse Destroyed by Fire.
East St. Louis, Ill., March 22.—The warehouse of the Deering Harvesting Machine company, stored with farm machinery and twine, was destroyed by fire of unknown origin Monday. Loss, \$150,000.

EXPUNGED FROM THE RECORD.
Statements of Mr. Baker Reflecting Upon Mr. Babcock's Integrity.
Washington, March 22.—After being in session an hour and twenty minutes Monday, the house adjourned out of respect to the memory of the late Representative Charles W. Thompson of Alabama, who died in this city Sunday. Soon after convening Mr. Hepburn offered a resolution reciting certain statements by Representative Baker (N. Y.) contained in the Congressional Record of last Friday reflecting on the integrity and honor of Mr. Babcock (Wis.) and providing that they be expunged from the record. Mr. Hepburn explained that Mr. Baker had not delivered them on the floor of the house but had entered them in the record under a leave to print. The amendment was adopted after the Democrats forced a roll call. Mr. Baker endeavored to explain his action but Speaker Cannon refused to recognize him.

REMARKABLE TARGET RECORD.
Gunners of the Kearsarge Do Some Accurate Shooting.
Washington, March 22.—In a private letter received at the navy department from an officer on board the Kearsarge, the following remarkable record made by that battleship in her target practice, just completed at Pensacola, is given:
One thirteen-inch gun made six hits out of seven shots in five minutes and twenty seconds.
An eight-inch gun made ten hits out of ten shots in five minutes and twenty seconds, and a five-inch gun made eighteen hits out of eighteen shots in two minutes. At the navy department this record was declared to be the best ever made by an American warship and as far as the officials know it has not been equalled in any foreign navy.

Bristow on the Stand.
Washington, March 22.—The McCall committee during the day continued consideration of the report from the postoffice department concerning members of congress. Fourth Assistant Postmaster General Bristow continuing his testimony. First Assistant Postmaster General Wynne also was present.

MANY CASES OF SICKNESS.
Russian Troops in Eastern Siberia Are Suffering.
St. Petersburg, March 22.—A telegram has been received from Medical Officer Trepoff at Chita, Eastern Siberia, saying:
"There are many cases of sickness here."
This news causes some uneasiness, as reports from other places are uniformly to the effect that the health of the troops is good.

It is better to swallow a lie than to utter it.
Tennyson and Browning.
As the world knows, Robert Browning and Tennyson were always the best of friends, and there was never a shade of rivalry on either side. A mutual friend once asked Browning whether he did not think that Tennyson's ballad of "The Revenge" owed its inspiration to his own ballad of "Herve Riel." "No," he answered; "Tennyson's inspiration is all his own."

Soft and Softer.
"How beautifully soft it is!" he murmured, laying his hand on her glorious white arm.
"How less beautiful, but, oh, so much softer!" she tenderly replied, laying her jeweled hand on the top of his venerable head.

Armed Mongolians Concentrate.
St. Petersburg, March 22.—Official advices report the concentration of armed Mongolians disguised as pilgrims at Vankirin, south of Lake Baikal, and a few miles from the Russian frontier.

ORANGE BLOSSOMS.
Their Use at Weddings the Survival of an Ancient Custom.
Authorities speak of the use of orange blossoms at weddings as due to the fact that the orange tree, bearing its ripe golden fruit and fragrant flowers at the same time, is a symbol of fruitfulness, and this, we may take it, is the main reason of the pleasing custom.
In Crete the bride and bridegroom are sprinkled with orange flower water, and in Sardinia oranges are attached to the horns of the oxen which draw the nuptial carriage. Dr. Brewer says that Saracen brides carried orange blossoms at weddings and suggests that our modern custom is a survival or revival of theirs.
The custom appears to have been introduced from France into England about 1820-30. According to Littré, "Women at their marriage wear a crown of orange buds and blossoms; hence the orange blossom is taken as a symbol of marriage."
In "Vanity Fair" Thackeray speaks of orange blossoms as "touching emblems of female purity imported by us from France." This happy thought, however, is merely a fancy of his, for orange blossoms, according to French scholars and writers, simply indicate that "mademoiselle" has attained the status of "madame."

EXPUNGED FROM THE RECORD.
Statements of Mr. Baker Reflecting Upon Mr. Babcock's Integrity.
Washington, March 22.—After being in session an hour and twenty minutes Monday, the house adjourned out of respect to the memory of the late Representative Charles W. Thompson of Alabama, who died in this city Sunday. Soon after convening Mr. Hepburn offered a resolution reciting certain statements by Representative Baker (N. Y.) contained in the Congressional Record of last Friday reflecting on the integrity and honor of Mr. Babcock (Wis.) and providing that they be expunged from the record. Mr. Hepburn explained that Mr. Baker had not delivered them on the floor of the house but had entered them in the record under a leave to print. The amendment was adopted after the Democrats forced a roll call. Mr. Baker endeavored to explain his action but Speaker Cannon refused to recognize him.

REMARKABLE TARGET RECORD.
Gunners of the Kearsarge Do Some Accurate Shooting.
Washington, March 22.—In a private letter received at the navy department from an officer on board the Kearsarge, the following remarkable record made by that battleship in her target practice, just completed at Pensacola, is given:
One thirteen-inch gun made six hits out of seven shots in five minutes and twenty seconds.
An eight-inch gun made ten hits out of ten shots in five minutes and twenty seconds, and a five-inch gun made eighteen hits out of eighteen shots in two minutes. At the navy department this record was declared to be the best ever made by an American warship and as far as the officials know it has not been equalled in any foreign navy.

Bristow on the Stand.
Washington, March 22.—The McCall committee during the day continued consideration of the report from the postoffice department concerning members of congress. Fourth Assistant Postmaster General Bristow continuing his testimony. First Assistant Postmaster General Wynne also was present.

MANY CASES OF SICKNESS.
Russian Troops in Eastern Siberia Are Suffering.
St. Petersburg, March 22.—A telegram has been received from Medical Officer Trepoff at Chita, Eastern Siberia, saying:
"There are many cases of sickness here."
This news causes some uneasiness, as reports from other places are uniformly to the effect that the health of the troops is good.

It is better to swallow a lie than to utter it.
Tennyson and Browning.
As the world knows, Robert Browning and Tennyson were always the best of friends, and there was never a shade of rivalry on either side. A mutual friend once asked Browning whether he did not think that Tennyson's ballad of "The Revenge" owed its inspiration to his own ballad of "Herve Riel." "No," he answered; "Tennyson's inspiration is all his own."

Soft and Softer.
"How beautifully soft it is!" he murmured, laying his hand on her glorious white arm.
"How less beautiful, but, oh, so much softer!" she tenderly replied, laying her jeweled hand on the top of his venerable head.

Armed Mongolians Concentrate.
St. Petersburg, March 22.—Official advices report the concentration of armed Mongolians disguised as pilgrims at Vankirin, south of Lake Baikal, and a few miles from the Russian frontier.

ORANGE BLOSSOMS.
Their Use at Weddings the Survival of an Ancient Custom.
Authorities speak of the use of orange blossoms at weddings as due to the fact that the orange tree, bearing its ripe golden fruit and fragrant flowers at the same time, is a symbol of fruitfulness, and this, we may take it, is the main reason of the pleasing custom.
In Crete the bride and bridegroom are sprinkled with orange flower water, and in Sardinia oranges are attached to the horns of the oxen which draw the nuptial carriage. Dr. Brewer says that Saracen brides carried orange blossoms at weddings and suggests that our modern custom is a survival or revival of theirs.
The custom appears to have been introduced from France into England about 1820-30. According to Littré, "Women at their marriage wear a crown of orange buds and blossoms; hence the orange blossom is taken as a symbol of marriage."
In "Vanity Fair" Thackeray speaks of orange blossoms as "touching emblems of female purity imported by us from France." This happy thought, however, is merely a fancy of his, for orange blossoms, according to French scholars and writers, simply indicate that "mademoiselle" has attained the status of "madame."
